

**Ministry of Health & Population - Egypt
Central Administration
for Technical Support and Projects
Health Sector Reform Programme**

**Monitoring and Evaluation System
ORIENTATION WORKSHOP**

4 -6 May, 2003

Objectives:

1. To explain the newly developed indicators, tools, and procedures;
2. To describe how to use (data entry) the software package to get the indicators;
3. To identify how to interpret the indicators;
4. To discuss their use in practice (data collection, calculation of the indicators, use of the forms, and guidelines, etc.) and the proposed data flow;
5. To discuss the upcoming training activities.
